School Course in ILD

Sunday, **11th NOV 2018**
Time: **10:00 am - 05:00 pm**

Venue:

Metro Centre For Respiratory Diseases,
Metro Hospital, Noida

Dear Friends

We are delighted to invite you to participate in the Interstitial Lung Disease (ILD): Expert Centre Programme at Metro Centre for Respiratory Diseases, NOIDA to be held on 11 November 2018.

This program will provide a unique training opportunity to experience the diagnosis and management of patients within our ILD Centre first hand. Working in small groups to optimize interaction and learning opportunities, you will be able to participate in seeing and evaluating patients of ILD from our ILD clinic, their radiology, laboratory and lung function evaluations, lung biopsies and multidisciplinary team meetings on these cases with expert pulmo-radiologist and pulmo-pathologist.

There would also be clinical skill enhancing workstations on bronchoscopy techniques in ILD e.g Cryo TBLB, EBUS, BAL etc and Tour of Pulmonary rehabilitation in ILD cases from selection, assessment to training all being done on live cases.

Meeting would start at 9 am and finish at 5 pm and we would request you to be there from the start to get maximum benefit of the program.

Thanking you in advance.

Dr Deepak Talwar

Director & Chair

Metro Group of Hospitals, Noida
